"COFFEE DOESN'T BOTHER ME NOW"

J. H. Curtis of Georgetown Says He Feels Fine.

STORY WILL INTEREST MANY

"I can drink coffee now without having heartburn," said J. H. Curtis, maker of the famous "Curtis Salve." Mr. Curtis lives at 205 Washington street, Georgetown, and is well known personally all over Kentucky. For thirteen years he taught school and for the past four years has been in the post office at Georgetown.

"I had trouble with my stomach for several years, and I never had anything help me so quickly as Tanlac," says Mr. Curtis. "After meals I had a burning sensation in my stomach, and sometimes a sour taste in my mouth. I bloated a good deal from gas, and had a suffocated feeling."

"Once in a while I had a dizzy spell. I had tried different things, but nothing did me much good until I tried Tanlac."

"Some of my friends have asked me about Tanlac. I have told them I think it is a fine medicine. I shall not fail to recommend it for it has given me great relief. I can rest well nights and seldom have that tired feeling in the morning. I can eat or drink most anything now."

Tanlac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tanlac can now be obtained in following nearby cities: Moreland, Abraham-Minks; Hustonville, Adams Bros.; McKim, True & Co.; Ellisburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

MORE PAY FOR MINERS

The Coleman Mining Company, of Cary, Bell county, operating the Fox Ridge mine, gave their miners an increase in wages of 30 per cent., May 14. This is the third advance the company has made for mining coal since January 1, 1917, which makes a total increase over last year's scale in the miners' wages of 50 per cent. The present rate is the highest paid by any mining company in Kentucky. C. R. Coleman, of this city, vice-president and general manager of the Coleman Mining Company, said that it is absolutely necessary to advance the rate of mining for the reason it was impossible for the miners to earn under the old scale sufficient money to support their families at the high cost of food. Labor in the mining sections is getting very scarce, and at present there is not enough labor to produce the usual output.

"LET'S GO, BROTHERS"

A voice from an audience of 250 ministers, saying "let's all go, brothers," caused the abrupt adjournment of the annual convention of the Christian Ministerial convention of Indiana at Kokomo, so the ministers could tender their services to the State during the war. The entire membership of the association at the convention went in a body to Indianapolis and offered their services to the Governor in any way they can be used in the program for mobilization of the influence of the church for the country during the war. A resolution was being considered to send a small delegation to represent the association when the unknown speaker extended the invitation to "all go," the suggestion carried with a shout. Much unfinished business was before the convention.

CARD OF THANKS

Mrs. W. S. Grinstead and family wish to extend to those in Stanford and Lincoln county, who in any way helped to cheer the long hours of suffering for the husband and father, their deepest gratitude and at his death to the friends and neighbors for the many thoughtful deeds and words of sympathy, their heartfelt thanks. May God's richest blessings rest and abide with all.

T. W. JONES BUYS HOME

Mr. T. W. Jones, the well-known cattle trader and farmer, has bought of Mr. Shelton M. Saufley his home on West Main street and will get possession in a few weeks. The home is a very desirable one and the price paid is said to have been a long one. Mr. Saufley will move his family to Richmond with him.

Littlejohn's street fair was advertised for Lancaster, but the opposition got busy and had it declared off. A wise move.

TO THE CITIZENS OF LINCOLN COUNTY:

Since announcing as a candidate for the Democratic nomination for County Attorney I have been asked by a number of good citizens of the county if I would favor holding Courts of Inquiry over the county to ascertain violators of the law. I take this method of answering all citizens interested in this effective agency of enforcing the law. The law gives the County Judge and Magistrates of the county the right to hold Courts of Inquiry, when any of them are satisfied that a public offense or offenses have been committed, and for the purpose of ascertaining the offending parties they have the power to summon any person to appear before them at any place in county, to be examined on oath concerning any violation of law. The Police Judge of Stanford and myself as City Attorney have resorted to this power and used same frequently and effectively in ascertaining offenders of the law in the city. And if I am elected County Attorney of Lincoln county I will endeavor to have the County Judge and Magistrates to use this power to ascertain offenders of the law throughout the County, upon information that an offense or offenses have been or are being committed in any section of the county, to the end that the guilty party may be arrested and prosecuted for violating the law. In announcing my candidacy I stated that I would if elected devote special attention to the enforcement of the local option laws. I now desire to say further on this subject that I have all my life been a temperance man. I am by nature, training and practice sincerely aligned with the temperance cause, and have always firmly believed that the temperance cause represents the first and best interest of our citizenship. At least 75 or 80 of all the crimes committed in this county are traceable directly or indirectly to intemperance.

I have always voted, ever since I have been a voter for temperance men and temperance measures. I voted and worked for H. V. McChesney in the last primary campaign for Governor. I believe that the "Hot Joins" in this county, where near beer and malt mead are sold should be suppressed and that they can be closed by law, and if I am elected to the office I seek I promise you that I will use all the power of the law to close such places, and will institute prosecutions against them as "Nuisances," and also for selling a liquid mixture that will intoxicate if drunk in sufficient quantities. I have already with hearty co-operation of the City Judge succeeded in closing the hop joints in the city of Stanford, and we did this by instituting a prosecution against them for selling a liquid mixture that would intoxicate if drunk in sufficient quantities.

Again I assure you that if elected I will enforce all of your criminal and penal laws, and discharge every duty incident to this office without fear or favor. Now I am willing to stand or fall by the principles herein declared, and course outlined. If you would like to see an administration along the line I am committed to, I invite your support. On the other hand if you are opposed to such an administration of the County Attorney's office as promised herein, I do not expect your support.

All I ask is a serious consideration of my candidacy, and a conscientious ballot. Assuring you that I will be grateful for your assistance in this campaign.

I am very truly,
T. J. HILL, JR.

WITH THE CHURCHES

The 100th anniversary of the Central Presbyterian church at Mayfield will be celebrated June 17th.

The General Assembly of the Presbyterian church is in session at Dallas, Texas, with 1,800 churchmen in attendance.

Christian Church—Sunday, May 20—Sunday School at 10 o'clock followed by preaching by Rev. Howard J. Brazelton, of Mayfield. C. E. meeting at 7 o'clock.

Presbyterian Church—Sunday, May 20—Sunday School at 9:55; Morning service at 11, "The Failure of Form Without Power." No evening service because of the commencement service.

The pastor will preach at the Methodist church Sunday morning at 10:45. Sunday School at 9:30. No evening service on account of commencement service at Baptist church. Rev. Carter, of Mt. Sterling, is conducting an interesting meeting at the Methodist church at Brodhead, assisting the pastor, Rev. Portoff. A splendid singer has charge of the music, which is a pleasing part of the services. There have been no additions to date but the membership is being greatly awakened.

The election of Dr. Wilbur Chapman, of Jamaica, N. Y., as moderator of the Presbyterian General Assembly in the United States of America at Dallas, Tex., was declared to be a step toward a union of the two branches of the church. Dr. John H. Miller Wills, of Wilmington, N. C., was elected moderator by the Southern Presbyterian Assembly, meeting at Birmingham.

Sunday, July 15, 1917, will be Christian Education Day. The four college presidents of Central Kentucky, namely: Dr. Gansfield of Centre; Dr. Adams, of Georgetown; Dr. Crossfield, of Transylvania and Dr. Clark, of Kentucky Wesleyan, are expected to visit Stanford on the above date and make addresses in the churches. A forward movement in the cause of Christian Education is the object of this meeting.

Notable progress was made during the past year by the Southern Baptist Convention in its work of carrying the Gospel into foreign lands in spite of war conditions. The report of the Foreign Mission Board, presented to the convention at New Orleans, shows there were 6,473 baptisms, an increase of two. Baptist churches in the South which have been aided in the church extension department of the Home Mission Board to erect their own houses of worship contributed \$135,887 last year to church work outside their local expenses, including \$47,406 to home and foreign missions.

It seems that prospects for the new Methodist church are brightening. On Tuesday afternoon Messrs. John A. Allen, E. T. Pence, Sr., Alfred Pence, W. O. Walker, W. M. Matheny, Col. S. T. Harris, Rev. W. D. Welburn and Edwin Welburn motored to Nicholasville and there met in consultation the architect, Mr. E. Stauner, of Lexington. They were shown the new church at Nicholasville and afterwards taken to Wilmore and looked over the great church there, both these buildings having been planned by Mr. Stauner. They came to conclusions as to what they will do at Stanford and Mr. Stauner was ordered to prepare plans and specifications which he promises to do in a short time. These bids will be asked for and it is hoped work will begin without much more delay. The trip was made in the cars of W. M. Matheny and W. O. Walker. The subscribers to the building fund are hereby notified that payments on their subscriptions as large as practicable, are now due.

J. C. HAYS' BARN BURNS

The barn belonging to Mr. J. C. Hays, who lives between Crab Orchard proper and the depot section of the town, burned about midnight Wednesday, together with its contents, consisting of a buggy, mowing machine, a lot of hay, quite a number of chickens and other things. As the barn was located not far from Mr. Hays' home and store, some trouble was encountered in preventing their destruction by the flames. The origin of the fire is a mystery. Mr. Hays carried a small policy on the barn.

Mr. Hays was lucky on having his barn insured. He can now build another one with the insurance money. If your barn is uninsured let Jesse D. Wearen write you a policy.

A settlement of the Irish question, which has hampered Great Britain in the prosecution of the war, has been proposed by the British Premier on behalf of the Government. The proposal provides for the introduction of a bill for immediate home rule, excluding the six counties of Northeast Ulster, such exclusion to be subject to reconsideration five years hence by Parliament. An alternative proposal is that Irishmen of all parties convene for the discussion of the question.

THE CHAUTAUQUA MAY 27-31

The Interior Journal is glad to announce that tickets for the Lincoln Chautauqua to be held at Stanford May 27 to 31, are going rapidly and it looks as if the Woman's Club, which is bringing the splendid attraction here, will come out all right financially. There will be no doubt about it if all those who have agreed to take season tickets do so. On the eighth page of this paper the program of the Chautauqua is given and a perusal of it will show that it is an excellent one. Some speakers and entertainers of national fame are on it and they will both interest and edify. Get a season ticket to the feast of good things and attend every session. \$2 pays the bill to the dozen or more entertainments. You couldn't spend a \$2 bill to better advantage.

"Be in your seats promptly at 8 o'clock Monday evening. No one will be seated during a number."

DRAMATIC CLUB PLEASES

The presentation of the three-act comedy, "Pygmalion and Galatea," by the Stanford Dramatic Club at the opera house Wednesday evening was an excellent piece of work, and those who took part have cause to feel proud. They also have reason to be thankful that they have such an instructor as Miss Esther Burch, who has so well prepared them in their work, that they might appear almost anywhere and have no fear of the result.

Misses Elizabeth Farrar, Marie Ballard, Gertrude Gaines, Elizabeth Huns, Bessie Moore, Gertrude Wilkerson, Kittie Jones, Anna K. Matheny, Mrs. Lillian Warner and Mr. Joseph Ballou each played so well the role assigned them that the audience was more than pleased—it was surprised, and most agreeably so. Considerable histrionic ability was shown and the ease with which the players went through their parts showed not only careful training, but an ability on their part to cleverly carry out whatever is asked of them. Miss Burch need have no fears about her class not making good. It could take care of a play even heavier than "Pygmalion and Galatea," which many an amateur would tremble at the thought of. The presentation of "Pygmalion and Galatea" was a clever evening's work and great credit is due those who took part as well as the instructor. Just before the play was given the following ladies gave a classic Greek dance: Mrs. J. H. Wright, Mrs. R. P. Brown, Mrs. J. B. Perkins, Misses Lyle Cooper, Mary D., Margaret and Ruth Beck. Their work was exceedingly clever. Miss Nancy Yeager, at the piano, did her work well, as she always does. The "Blue Ellen" orchestra furnished sweet music for the evening.

HOPKINS TAKEN TO LANCASTER

John L. Hopkins, who shot Jesse Brock in the jaw Monday morning and who was arrested here that night by Sheriff J. G. Weatherford, Deputy W. S. Drye and others, was taken to Lancaster for his examining trial, the shooting having occurred in Garrard county. It is reported that Hopkins gave bond for his appearance later on. Brock, who had a portion of his lower jaw torn off, is still at Dr. W. J. Edmiston's sanitarium at Crab Orchard and is said to be doing splendidly. News comes that Brock has done time in the penitentiary for killing his father-in-law. However, that was before he moved to Lincoln county from the mountains. There are several reports current concerning the shooting of Brock by Hopkins, one of which is that he was waylaid by the latter, but it is probable that the truth will be told about the attempted murder at the trial.

COUNTY'S BIG AUTO TRUCK

Lincoln county's big, new auto truck has arrived and County Engineer Riffe already has it doing good work. He drove it over from Cincinnati, leaving there at 9 o'clock Tuesday night and arriving here at 1 P. M. Wednesday. He made the trip without trouble and was traveling all of the time save three or four hours spent in Lexington. The truck is an Armleder and has a capacity of three and a half tons. It is so arranged that the body can be cleared of its contents in a few seconds by merely pulling a lever; is a splendid looking machine and should and doubtless will do good service. Engineer Riffe thinks it will and is more than pleased with what already has been done with it.

\$200 AND EIGHTY DAYS

Two hundred dollars fine and eighty days in jail. That was what a jury in Dr. R. L. Davison's city court handed Sam Helm, a Stanford negro, Thursday. A pretty stiff fine, but not too heavy. Sam Helm was tried in two cases and got the limit in each. One was selling whisky and the other for procuring whisky for another. Lancaster parties were the witnesses against Helm, whose mail may be sent in care of Jailer DeBorde for the next nine months or more. Good work; let it continue.

Half of Mr. Reynolds' corn crop will be in Lincoln county.

LATEST WAR NEWS

The physical participation of the United States in the war is a reality. American torpedo boat destroyers, well groomed for the task and their officers and men enthusiastic in their quest, are patrolling the Eastern Atlantic searching for German submarines which have wrought such disaster to shipping and hence the cause in their nefarious practice of sinking boats unwarmed, of sending hundreds of Americans to their deaths.

Although the announcement of the participation of the American boats has just been made for the first time, with it comes the report that already one of the speedy boats has been in action with an enemy's undersea craft, while another has safely conveyed through the war zone to a port of safety one of the great liners that ply the Atlantic. The result of the fight between the destroyer and the submarine has not been made known by the British Admiralty.

After days of heavy fighting the British have captured Bullecourt and now menace the Diocourt-Quenat line. Gains also have been made at Rouex. Attacks by the Crown Prince's army near Soissons have been repulsed and the Italians continue their offensive.

Reports from Russia indicate the virtual settlement of the differences that have existed between the Government and the Council of Workmen's and Soldiers' Delegates.

Reconstruction of the Russian Cabinet has been inaugurated, important changes being made, including the retirement of Paul N. Milukoff, Foreign Minister. Three cardinal points agreed upon by the Government, the Executive Committee of the Duma and the Council of Soldiers' and Workmen's Delegates, are: The unity of allied fronts, fullest confidence of the revolutionary democracy in the reconstructed Cabinet, and a plenitude of powers for the Government.

War Office reports yesterday indicate that the Allies have been successful on four fronts, in France, Italy, Macedonia and Mesopotamia.

Great Britain lost only eighteen vessels over 1,600 tons from submarine attacks during the past week and only twenty-six in all. The previous week's report showed sixty-two.

The English and American navies fighting together are invincible. Sir Edward Carson said in an address at the Navy League luncheon given to the American naval officers yesterday in London.

NO JURY CASES THIS COURT

Owing to the disturbed condition consequent upon the war and the fact that the farmers are greatly behind in their work, and that it would work a hardship upon jurors and witnesses to be compelled to attend a three weeks term of court, and at the request of the members of the bar, Judge C. A. Hardin has announced that all jurors, grand and petit, are excused from attending the May term of the Lincoln circuit court, beginning Monday, May 28th. No court will be held for the jury cases. Judge Hardin will convene court on that day, however, and then determine when he will hold court for the trial of such cases.

OUR CONGRESSMAN PATRIOTIC

Representative Harvey Helm today voted, with forty-one other members of the House to turn over 65 per cent. of his salary to the Secretary of the Treasury so long as the United States is at war with the Imperial German Government. There were 147 votes against the measure.—Courier-Journal.

GLORY SWUNG TO BREEZES

The Lincoln county fiscal court has bought a handsome U. S. flag and had it swung in the entrance of the court-house. It is 12x24 feet and a handsome one. No ceremonies attended the raising of the flag here this morning but there likely will be some time next week, as there should be. A number of our patriotic citizens are arranging for a flag raising that will attract many to Stanford, when it is hoped that the exercises will be so interesting that they will be remembered for years.

SENIOR PLAY TUESDAY

The Senior Class of the Stanford High School will present the play, "Engaged by Wednesday," at the opera house on Tuesday evening next, 22nd, when an interesting entertainment may be expected. HUNG HIMSELF

New, which we were unable to confirm, came this morning that a boy named McAninch, aged 16, hung himself at Phil Casey county, Thursday afternoon. The report goes that he had brooded over the war situation until his mind became unbalanced.

John M. McRoberts, of Lancaster, who graduated at the Louisville College of Pharmacy Wednesday, was salutatorian of his big class.

Making Money!

Some men make their money in business—some in stocks—some by toilsome saving of their daily wage. But we submit to you the fact that more men here reached a comfortable competence thru the ownership of property—houses and land which bring in a fixed income—than in any other way.

Business requires your sole attention—stocks means sleepless nights and days of worry—property works by itself for you without your care.

Select it—set it to work—it takes care of itself and will take care of you.

DID YOU KNOW

That statistics show that the population of the United States is doubling about once in every twenty-eight years—and the EARTH is not stretching one bit. People have got to have homes. It is a settled fact that farming lands will never be cheaper and just as sure to go higher as you exist today. Did you know that any way you figure it the renter has always got the hot end of it? Furnish all the teams and everything else, do all the work and for what—at best only one half and often less than this. Did you know that you could easily pay the 6 per cent. interest and get all the crop instead of the one-half that you are now getting and then make more than 100% than you are now making. These are absolute facts.

Don't listen to a professional knocker who is always telling you something that he doesn't know. Use your own common sense and own you a home.

Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Annie." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Annie Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. WM. KELLER.

NOTE: This "Annie" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys. Patients having once used "Annie" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Annie" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to make rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.

ANOTHER VETERAN GONE

Mr. J. T. Chastee, a life long Baptist and a minister of the gospel, has gone to receive the reward that is waiting for those who serve the "Master and His cause." Mr. Chastee was born in Rockcastle county, June 20, 1847. He came to Lincoln county when a very young man and most of the remainder of his life was spent here, where he was loved and esteemed by all who knew him. He left a wife and three grand children to mourn his loss. Funeral services were conducted by Rev. M. D. Early at his late home at Turnersville. The Masons there took charge of the body and laid it to rest in the Campbell cemetery. May He Who alone can comfort be a friend in the time of need to the bereaved ones.

JUNCTION CITY

Prof. E. L. Grubbs and Mrs. J. D. Alstott with their strawberry pickers will not start to Bowling Green here Friday, May 25th, as cold weather has retarded the ripening of berries.

Prof. E. C. Lester and Robert D. Reynolds went to the High School track meet at Lexington Saturday.

Mrs. S. W. Burke entertained the Embroidery Club Thursday afternoon and all enjoyed the sociability and refreshments.

Mr. H. F. Ewing went to Lexington Friday on business. He found folks talking high prices and hard times.

Miss Barbara Daugherty, of Bowea, had her right arm broken while playing last week.

Miss Lucile Rawlings of Danville, was with Miss Ada Steele Friday.

Mr. D. B. Fox, wife and children, of Danville, were the guests of Mr. and Mrs. Clarence Coffey Saturday and Sunday.

Prof. E. C. Lester took seventeen candidates for common school diplomas to Danville Friday and Saturday, where they with thirty more white and twenty-five colored took the examination, and all did well. The diplomas will probably be presented at the Teachers' Institute in August.

Mrs. Jennie C. Grubbs has been informed that women over 18 years of age may become Canning Club members and sell their canned goods under regular seal.

Mr. A. D. Sisk, of Madisonville, father of H. B. Sisk, died rather suddenly at his home Thursday. His son and wife left immediately to attend the burial. Deceased leaves a wife, two daughters and four sons to mourn his loss. His death was caused by typhoid fever.

Quite a crowd of ladies and a few gentlemen patrons of the school assembled at the school-house, Monday afternoon to see the lower grades give action plays and dance folk dances under the direction of Mrs. James D. Shelby. The faithful drilling of pupils by Misses Margaret Keane and Gertrude Richardson was appreciated by all and the only drawback was room to execute the drills in school music room, but some day we will have an auditorium which will hold the crowds. Mrs. Shelby is to be commended for her energy, zeal and perseverance and the Women's Club will be glad if those who favor school music next year will give them their names and support.

The Senior Class and High School were given a reception at Prof. and Mrs. Grubbs', Monday evening.

Mr. W. A. Reynolds did the country a good deal when he brought two Avery gasoline tractors here and began to turn up the sod for bigger crops and more to eat.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. VOLTAIRE 55140

Farmers don't you think right now is the best time to raise draft horses? The price was never higher than now, and our supply of work horses is at the lowest point it has been for years.

There are not more than half as many brood mares in the county now as there were five years ago. You can see that we are facing a horse famine. What are you going to do about it? Autos and auto-trucks are all right, but you can't farm with them. You can't raise colts from your mules. It looks like the most sensible and business-like thing to do is to raise some good draft colts before your old brood mares are gone.

I offer for public service the champion draft stallion, Voltaire. He has proven himself to be one of the best breeders this county has ever known. He will make the season at my place on the Danville pike, one mile from Stanford at \$15 to insure a living colt; season due when colt is foaled or mare parted with. Will not be responsible for accidents.

The Senate by a vote of 38 to 32 incorporated a provision in the Espionage Bill forbidding the use of cereal grains for the manufacture of intoxicating liquors from September 1, 1917, until the close of the war.

Any doubts members of the British war mission may have felt as to the sincerity of Americans have been dispelled now, A. J. Balfour declared yesterday in New York.

I don't suppose there is a better bred horse in Kentucky than Kentucky Gentleman. He has been one of the most successful horses in the show ring that this county has produced in years. He is just the right size for a saddle horse and his first colts which are four years old now are showing the saddle gaits nicely.

The auto has put the light driving tent, but you don't have any trouble in selling a saddle horse.

I am going to offer the services of this great horse at the extremely low price of \$15 to insure. I am giving you for \$15 what most men would charge from \$25 to \$40 for.

Do you appreciate it? If so send your best mares to the court of Kentucky Gentleman and let him get you a nice colt.

Mississippi

Farm Lands For Sale

Good Quality—Terms Easy

A trip through different sections of the State of Mississippi and an observation of agricultural conditions there has convinced me that it is the place at the present time to secure the best land values at the lowest prices—from \$5 to \$50 per acre, some of them near a city, with six trunk line railroads, and as large as Lexington, Kentucky, where lands are selling at \$300 per acre—by those seeking homes or investments in good farming lands.

Believing that it would be of mutual advantage and profit to those seeking homes or investments in farming lands, at lower prices than are possible in this section of Kentucky, where land values have advanced beyond the reach of the farmer of moderate means, I have associated myself with several responsible gentlemen in the state of Mississippi and am in position to offer some very attractive propositions to those seeking investments of this character, on easy terms, aided by the "Federal Farm Loan Act."

These lands, due to the short winter season, and long grazing periods are especially adapted to stock raising and diversified farming; are well located as to churches, schools, shipping points and markets; are situated on improved highways and are well watered, either by streams or artesian wells.

Almost every character and kind of crop that can be raised in Kentucky can be raised profitably in Mississippi.

Cheap railroad rates for home-seekers can be obtained by those desiring to look the situation over. I shall be pleased to give further information to any one who is sufficiently interested, that will call to see me or write to me at Stanford. HARVEY HELM.

THE FOLLOWING IS A BRIEF DESCRIPTION OF A FEW TYPICAL TRACTS OF LAND FOR SALE:

Tract No. 1—2300 acre stock farm, 9 miles from Jackson, Capital of the State, on Q. & C. Ry., one-third under cultivation, balance timber and pasture lands, 10 tenant houses, mostly fenced, located in county that has recently voted bonds for pikes, which will be constructed very close to this tract. Price \$12.50 per acre.

No. 2—621 acres, 3 miles from county seat of 6,000 inhabitants on a good gravel road, large portion under cultivation, balance is splendid pasture land, watered by creeks and ponds, nice dwelling with modern improvements and number of tenant houses. Price \$30.00 per acre.

No. 3—1675 acres, two miles from Capital, 700 acres under cultivation, balance fine pasture, running springs, large dwelling but in need of repair, with probability of pike passing immediately in front of it. Price \$15.00 per acre.

No. 4—1235 acres, 8 miles from Capital, eight room residence, large barn, 16 tenant houses, plenty of water, well fenced, one-half mile from gravel road, undulating, all except 50 acres under cultivation. Price \$20.00 per acre.

No. 5—1,000 acres, on Q. & C. Ry., 3 miles from shipping point, halfway between Jackson and Vicksburg, two of the largest cities in State, 400 acres under cultivation, balance pasture and timber. Two manager's houses, and four tenant houses. Price \$20.00 per acre.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—MRS. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.

She Tells Her Friends to Take Lydia E. Pinkham's Remedies.

North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 20 of us here who think the world of them."—MRS. FLORENCE ISBELL, Box 197, North Haven, Conn.

GIVES SON TO COUNTRY

Recruiting officers of local regular army station were sitting at their desks completing their reports for day, says an Ashland dispatch. A man and a fine-looking youth walked in and the man said to Sergt. Baker, who is in charge of the recruiting station: "What was the greatest deed God ever did?"

Before Sergt. Baker could recover from the unusual salutation, the man continued: "I have come to do what God did, and there he is," pointing

toward his 17-year-old son.

"I have come to offer my son to you that he may serve our country," continued the speaker, John P. Cordell, of Follard. "I feel that I ought to do as God did. God so loved the world that He gave His only son. I so love my country that I have brought my son to your service."

Prices ranging from 60 to 61 cents a pound were paid at Hopkinsville for the wool pool, aggregating 6,700 pounds. It brought the farmers about \$4,000.

HUSTONVILLE

Mrs. Maggie Dunn, near Mt. Salem, is very frail and recovery improbable. Mrs. Dunn is one of the few survivors of her generation of the West End's famous citizenship of last half nineteenth century.

Mr. Jerry Adams got back from Texas a few days ago. He enjoyed some new fishing; incidentally attending marriage of brother's daughter.

Conspicuously among the all-out-of-joint conditions, and almost universal reversal of the normal, is failure of faithful and finished fishermen to find weather and water propitious for work(?) except in rivulets which hitherto supplied their bait. Continuous high and muddy waters have smothered all high hopes of spring herring to Cumberland dams where the big fish abound.

A bond issue to provide funds for rebuilding our graded school rooms is of greater local concern than conscription and war taxes. Usable materials of wreckage by winter's tornado will split the cost of a splendid up-to-date building in architecture and equipment, and Hustonville's paramount enterprise and interest should enthrone with pride of home and interest in education even the grasping unfortunate who is content with primitive make-shifts, indifferent to enhanced values of lands and other bequests to his heirs by best roads, best schools and best society and whose one solicitude about the future seems to be hope to have better luck than Dives and be assigned to the cold storage squad. Shut your eyes, deafen your ears to opposition and do yourself honor by voting the bonds.

A transient—a traveler who has been far and has seen much—dropped into police court room the other day and does declare that a case of a Jitney driver arraigned for drunkenness while driving was funnier than the court scene of Mark Twain's famous Mulberry Sellers, in that characters and incidents were in a sure-enough court. Did the authorities ever decide just what whisky is? It was up to Judge McKinney to decide just what degree of exaltation depression, or abnormality constitutes drunkenness. Witnesses agreed they had often seen defendant when tanked-up but only the live-wire policeman, Sid Brown, who pulled the offender, was emphatic that it was a plain, old-fashioned drunk. Of witnesses defendant wanted one was a juror the court informed him—"oh, well, he'll do all right. I owe him a dollar and he knows I won't pay him if he don't." That there was some drunk, the jury was convinced, and a juror who stands to lose a dollar isn't looking around for condolence or compensation. And it is a sure thing that he will vote bonds for a school house.

A veteran of the drummer corps, who has known Hustonville as a drummer's Mecca since before the war—famous for its home-like hotel and carnavalesque of its old-timers—adverted sadly to the changes of late years, especially last thirty-five or forty. But two farms contiguous to town that have not changed owners, but two—Uriah Dunn and Dr. Ed. Alcorn, of the men of those days are alive, and most of the conspicuous landmarks have disappeared. The boys of then are the old men of now, and the groups now seen at popular corners are strangers to the old drummer. "Such is life."

When Fred Jeffers' hibernation ended in March we were cheered by hope that his visits were sure harbingers of spring. A late benign May morning lured loafers to side walks and the delusion was doubled when Fred drove in with secretary of Kidd's Store fraternity of ground hogs beside him—your venerable correspondent at that town—in Palm Beach togs and under a buckeye hat. Alas! the sun shone for a minute, the ground hog shied at his shadow, hurried overcoat, wrang and umbrella and fled back to his burrow, and is still skimming in collection of fuel Fred reported 13th inst.

Patriots (?) who talk loudest of the other fellow's duty to do and die for his country must search other places for slackers. The old town's best boys have rushed to recruiting centers and not one has suggested a choice of service.

Mrs. A. H. Baugh has not returned from Monticello, where called by sickness of her mother, Mrs. Simpson.

Not long ago your Kidd's Store correspondent bragged about Dave Taylor's fidelity and efficiency as Casey's sheriff. Let us brag of our chief of police, Sid Brown, who has higher aims than drawing his salary. Sid earns his. But we own up, Sid and Dave are brother Casevites.

Entered at the postoffice at Stanford, Ky., as second class mail matter.

Gov. Stanley has called the attention to the prosecuting attorneys of the unwarranted and shameful increase in the price of coal and already they are getting busy before the grand juries. The coal in the Kentucky mountains is practically inexhaustible and it costs not a great deal more now to mine it, yet prices have jumped sky high and there is another increase threatened, even with summer upon us. The coal operators, we are informed, claim that it is not them, but the middle men who have boosted the prices. Heretofore they had to send out agents to sell their products, now buyers come to them and actually bid against each other for an entire output. Somebody is responsible for the outrageous raise in prices, taking advantage of a generally rising market to increase their gains from those who are compelled to have coal, and cause suffering among the poor, and should be punished. Gov. Stanley took an oath to see that the laws are faithfully executed and he can render no greater service than insist on the punishment of those who so cruelly take advantage of their fellowmen.

"The negro will fight in the trenches at the front in uniform, or in the furrow in overalls, just as he is made to see the need. My race did not slack when they knew less what the flag meant; and now that they have made such an advancement in citizenship they will not fail to do their full duty in whatever manner President Wilson demands." These were the patriotic words of Preston Taylor, who was born near Louisville, a slave but who now is one of the wealthiest negroes in the South. He gave utterance to them while delivering a commencement address at the Martinsville, W. Va., Christian Institute and his remarks were loudly applauded.

The curtailment of speculation ordered by the Chicago Board of Trade resulted in very pronounced price recessions and proved that there should be a law to stop gambling in foodstuffs, which puts a fictitious value on grain, not warranted by the supply. There is no good reason that wheat and corn should command such high prices and they would not but for the wild dealings of the gamblers. The farmer has long ago sold his grain and had to be satisfied with half what it is now quoted at. It is a crime to boost food prices these parolous times, which should be punished by heavy penalty.

Tuberculosis experts agree that medicine for the disease should only be prescribed by reputable physicians, that the patient should observe the utmost cleanliness and sanitary requirements, breathe only fresh air, eat well cooked, nutritious food, avoid all dissipation and use of liquors, maintain cheerfulness and rest in mind and body. Dr. W. L. Heizer, executive secretary of the State Tuberculosis Commission, with headquarters at Frankfort, will gladly send literature on the cure and treatment of the disease to the those who write for it.

It was a long time coming and all of us complained, but it seems to come at last, and soon the fellow who asks "is it hot enough for you?" will be largely abroad in the land. There is both sense and poetry in the lines:

As a rule man's a fool,
When it's hot he wants it cool.
When it's cool he wants it hot,
Always wanting what is not.

As a rule man's a fool.

The lack of leadership in congress is painfully apparent, and the delay in adopting the president's program is criminal. It has been in session nearly a month now and little has been done to put an army in the field. There ought to be an entire reorganization of the body with Martin, the leader in the Senate and the impossible Kitchen in the House, made to go away back and sit down. They measure far below the needs of the hour.

Preachers do not often go wrong, but when they do they go further to the bad than anybody. We know of one who is serving a three-year term in the Atlanta penitentiary for sending obscene literature through the mails to corrupt young men and now the dispatches tell that an Iowa preacher went on a tear and killed eight people. A wolf in sheep's clothing is a mighty dangerous animal.

Rapids, Tenn., has a real patriot. He is Cyrus Shultz, for whom the government may never trouble to appoint a Food Control Committee. When corn had advanced to \$8 or \$10 per barrel, he sold out his entire holdings of several thousand barrels at \$2.50, refusing to sell any of his product to those who would feed hogs or cattle for speculative purposes.

The price of clothing is going higher. Fortunately the time of the year has arrived when not many are needed.

Two shifts of clerks have been engaged by the Reserve Bank at Cleveland to take care of the numerous applications for Liberty Loan Bonds.

Q. & C. DOUBLE TRACKING. It has been announced from headquarters that 26 miles of double tracking will be done on the Queen & Crescent railroad, and it is to begin right away. Contracts have already been let for 8.7 miles of grading between Moreland and South Fork, and the work of double tracking 14.3 miles, between King's Mountain and Science Hill, is already in progress. This means that a great deal of money will be spent in this county for labor and the necessities of life and it should prove very helpful to the Western and Southern Ends of Lincoln, where the double tracking is being done.

"Come on Over, See My Corn Fall Off!"

"I Put 2 Drops of 'Gets-It' on Last Night—Now Watch—"

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Gets-It' always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and

"That Was a Quick General That Corn Had With 'Gets-It'."

see how 'Gets-It' gets them off in a hurry and without the least pain. I can wear tight shoes, dance and walk as though I never had corns."

"Gets-It" makes the use of irritating salves, bandaging, blisters, traps, plasters and other things not only foolish, but unnecessary. Use this wonderful discovery, 'Gets-It' for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You'll never have to cut a corn again with knives or scissors, and run chances of blood poisoning. Try 'Gets-It' tonight.

"Gets-It" is sold everywhere. 25¢ a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Lincoln Pharmacy and The Penny Drug Store.

Q. & C. DOUBLE TRACKING. It has been announced from headquarters that 26 miles of double tracking will be done on the Queen & Crescent railroad, and it is to begin right away. Contracts have already been let for 8.7 miles of grading between Moreland and South Fork, and the work of double tracking 14.3 miles, between King's Mountain and Science Hill, is already in progress. This means that a great deal of money will be spent in this county for labor and the necessities of life and it should prove very helpful to the Western and Southern Ends of Lincoln, where the double tracking is being done.

Miss Alpha Traylor has returned from a visit to her sister, Mrs. M. L. Mobley at Covington.

Mrs. R. T. Bruce and Mrs. S. M. Saufley are in Richmond today.

Mr. J. S. Hocker was in Louisville on business this week.

Miss Stella Ruple went down to Marion county Tuesday afternoon to visit her sister, Mrs. R. R. Hourigan.

Miss Mary Margaret Jennings is making a protracted visit to her grandparents and aunts in Danville.

Mesdames Mary Albright, Embury Albright, W. C. Roberts and Miss Medie Barton, of Brodhead, were here shopping Wednesday.

Mr. and Mrs. Claude Bibb, of London, and Misses Savannah and Florence Beck, of Stanford, composed an auto party that spent yesterday with Mr. and Mrs. J. C. Wayne.—Danville Messenger.

Mr. B. T. Lunsford was on Tuesday's train returning from Louisville, where he had been with Mr. and Mrs. E. L. Wilson, of his section of the county. Mrs. Wilson was operated on at the Norton Infirmary for a serious trouble and was doing splendidly when Mr. Lunsford left her bedside.

A letter from Prof. W. C. Wilson at Fort Hamilton Harrison has been received at this office. He says that most of the men he has met at the camp are college "breds" and are a fine lot. He does not complain of the rations nor the accommodations, but from what this paper gains from other sources they are pretty tough.

FEEL LIKE GIVING UP?

Many Stanford People On The Verge Of Collapse

A bad back makes you miserable all the time—
Lame every morning; sore all day.
It hurts to stoop—it hurts to straighten.
What with headache, dizzy spells, kidney and bladder weakness,
No wonder people are discouraged.
Who do not know the kidneys may be the cause of it all.
Give the weakened kidneys needful help.
Use a tested and proven kidney remedy.
None endorsed like Doan's Kidney Pills.

Mrs. Belle Hiatt, E. Main St., Stanford, says: "My back pained me dreadfully. I could not do my work and if I stooped I could hardly straighten. I had dizzy spells and I could not walk straight. The action of my kidneys caused me a great deal of annoyance. I had hemorrhages of the kidneys also. I doctored and used different remedies but got worse all the time. My case was almost chronic when I heard of Doan's Kidney Pills and got some at Penny's Drug Store. This medicine helped me right away and I continued to use it until I was free from back-ache and my kidneys were in good order. I keep Doan's Kidney Pills on hand and whenever I have any return of this trouble they have never failed to help me."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hiatt had. Foster-Milburn Co., Props., Buffalo, N. Y. 40-1

MRS. H. C. RUPLEY
The many friends here of Mrs. H. C. Rupley were distressed to hear of her death Tuesday morning at her home in Stanford. She was 68 years of age and a devout member of the Methodist church for many years and a woman noted for her charity and Christian works. She was a native of Marion county, but her remains were brought to Harrodsburg Thursday, her husband's old home, and interred in Spring Hill Cemetery. Besides her husband she is survived by a number of grown children.—Harrodsburg Herald.

Feed the whole Chick!

By feeding grain alone you over-feed part of the chick's body and under-feed other parts. Grain feed supplies an excess of heat and energy but is deficient in elements that make blood, bones, feathers, muscle and lean meat.

Purina Chicken Chowder

contains an abundance of the very elements which grain feed lacks—and thus all parts of the chick get maximum nourishment. When fed with Purina Chick Feed as directed, we guarantee

MENROE

This good stallion will make the season of 1917 at the home of Eli Estes, two miles southwest of Eubank on the Fishing Creek and Eubank road at \$10 to insure a colt ten days old. This horse is so well known that it is useless to describe him. Eli Estes and Daniel Newsom.

Four Good Jacks

Three of them black and one grey; all of them good ones. They range in ages from coming two to seven years. You should see them before you breed. Will stand them all at \$6 to insure a colt four months old. Care taken to prevent accidents, but not responsible should any occur. Parties with mare or breeding her to other animals forfeit insurance and makes season money due. ELI ESTES, Eubank, Ky. 30-8t

What Does Catarrh Mean?

It means inflammation of a mucous membrane somewhere in the head, throat, bronchial tubes, stomach, biliary ducts or bowels. It always means stagnant blood—the blood that is full of impurities. Left alone, it extends until it is followed by indigestion, colds, congestion or fever. It weakens the system generally and spreads its operations until systemic catarrh or an acute illness is the result.

Peruna

Is the nation's reliable remedy for this condition. It restores appetite, aids digestion, checks and removes inflammation, and thus enables the membranes through which we breathe and through which our food is absorbed, to do their work properly. Forty-four years of success, with thousands of testimonials, have established it as the home remedy—Ever Ready-to-Take. Its record of success holds a promise for you.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only case I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

\$10 to insure a Living Colt
Will also at the same place and time stand my great Jersey Bull

SHELBY SULTAN 117497

At \$5 to insure a living calf. This is one of the best Jersey bulls in the country and I am standing him at a very low figure. See this stock before you breed. Care taken to prevent accidents but not responsible should any occur. Parting with mare or cow forfeits insurance and makes season money due. F. REID, Stanford, Ky., R. D. No. 5. 32tf

LINCOLN CHIEF 6393

Sired by Kentucky's Choice, he by My Own Kentucky, by Chester Dard 10, by Black Squirrel 58. Lincoln Chief's dam Tricie Quick 8855, was by Eagle Bird 1014, he by King Eagle.

Lincoln Chief is a coming four-year-old and expert horsemen say he is sure to be the coming champion. He will make the season at my barn on the Hustonville and Danville pike at

\$10 to Insure a Living Foal.

Those who have mares should see this fellow before they breed. He has been a heavy winner since he was a colt and is better today than he ever was. Not responsible for accidents. Breeding to other stock or trading off mare forfeits insurance.

STEWART SANDIDGE, Moreland, Ky. 30-tf.

SCARE AT LOCK No. 21
There was a great deal of excitement around Lock No. 21 this week. The night watchman Monday night saw two suspicious looking men around the Lock and saw them place something near the gate. He immediately called up the officers at Monticello and told them about it. They went to the scene and found a bottle filled with gun powder, cotton and some kind of fluid with a long wire leading off. A search was instituted for the men but they could be found nowhere.—Somerset Journal.

ALMONT DARE

Almont Dare, 2228, is a rich red bay stallion; 16 hands high with good bone and fine style. Is extremely fast both under saddle and in harness. He is a full brother to Toxy Dare that won the championship for saddle bred brood mares at the Kentucky State fair in 1914, defeating Edna May and others and to Nettleton that sold for \$3,600 and others at \$1,500. He is the best one of the lot. His colts have frequently defeated the colts of sires standing as high as \$75. Have sold his colts myself for \$500. Others claim offers of \$1,000. They also are the very best to use at home, being large, fine, game, durable and kind.

Will make the season at \$10 to insure live colt.

Bryan Breckinridge, my registered black jack, 16 hands with extremely large bone will stand for mares at \$10 for mare mules and \$8 for horse mule. Will also breed jennets any month in year at \$10 to insure colt. Have sold his colts for \$120 at

weaning time. Grass furnished at \$2 per month and all stock entrusted to me will receive my personal attention but will not be responsible for accidents. Season on the above are due when colt is foaled or mare bred to other stock or stock parted with. All the above will make the season at my place, two and a half miles west of Hustonville, on Hustonville and Liberty pike. Pedigrees furnished upon request.

S. T. POWELL, Hustonville, Ky.

DON VARRICK

Will make the season of 1917 at my stable 1-4 mile from Crab Orchard, on the Singleton place, at \$10 to insure a living colt. Don Varrick is a beautiful chestnut, 16 1-2 hands; weighs 1,400 pounds, is compactly built and has plenty home and finish. His colts show for themselves.

Will also stand at the same time and place my saddle stallion.

BLACK PRINCE

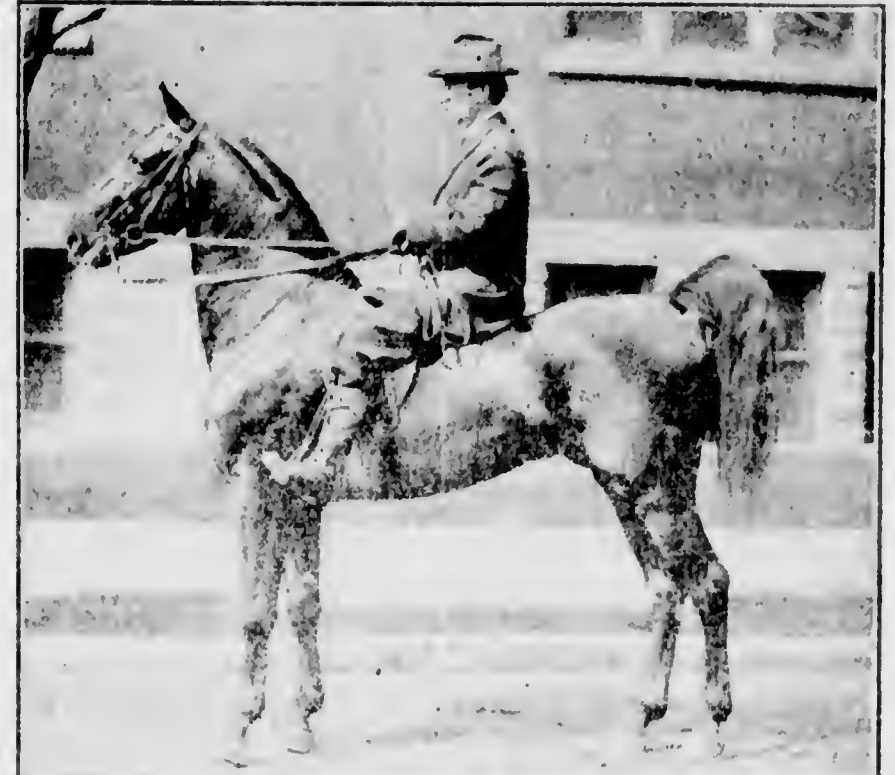

By Kentucky Peavine, out of a mare by Old Preston. He is a coming four-year-old, as black as a crow and a good one. You should see him. He will stand at \$10 to insure.

TWO GREAT MULE JACKS

Will also stand two great mule jacks at \$10 to insure. One the well-known Huff Duddler jack and the other, Jesse Fox, a fine fellow, 5 years old and a good breeder. His colts show up nicely. See them both before you breed your mares.

Will stand a fine registered Short-horn Bull at \$2 to insure. Money due in all cases when animal is bred elsewhere or parted with.

Rowland Peavine

No. 6053

Rowland Peavine—chestnut stallion, foaled May 14, 1912. Sired by Rex Peavine, No. 1796, by Rex McDonald, No. 833, by Rex Denmark 840.

1st dam: Bourboniste, No. 9297 (full sister to Bourbon's Best) by Bourbon Chief 976, by Harrison Chief 1606, by Clark Chief 89.

2nd dam: Judy Oliver 6107, by Red Cloud 2197, by Indian Chief 1718.

3rd dam: by Wilson's King 2197.

4th dam: Daughter of Sim's Clark Chief 2575.

Rowland Peavine is a rich chestnut, with star and snip; stands 15.3 full; weighs 1100 pounds; five years old. As you will see from the above breeding, he has the blood of the best show horses Kentucky has ever produced, and is one himself. You should see this horse before booking your mare.

You rarely ever have the opportunity to breed to a horse as fashionably bred at the small fee of

\$20.00 TO INSURE A LIVING COLT

Will make the season of 1917 at my stable on East Main street. Money due at birth of colt or when mare is parted with or bred to other stock.

Bleucher 46158, record 2:29 1-4, trial mile 2:14 3-4, half in 1:06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clayo, by the great Futurity sire Moke.

Foreign demand has taken over one million horses from this country, and we may expect better prices for our horses in the future. Our advice to mare owners is to breed their mares and to breed them to stallions of merit and proven worth as sires. Bleucher is just the type to produce the colts that will supply the demand. His colts have proven fine, with nice head and neck and plenty of bone and conformation.

This great trotting Stallion will make the season of 1917 at my stable in Lancaster, Kentucky, at

\$20 to Insure a Living Colt

BARLOWE

I will also stand this beautiful Shetland Stallion for the season of 1917 at my stable in Lancaster, Ky., at \$10.00 TO INSURE A LIVING COLT. I am prepared to take care of mares on grass at 10 cents a day. Lion retained on colts for service fee. Money due when mare is traded or parted with. Care taken to prevent accidents but not responsible should any occur.
